### **Sidewalk Replacement Program**

**Dear Resident,**

It is your responsibility as a property owner to maintain the public sidewalk in front of your home. Participating in this program is an affordable way to keep your sidewalks safe and your neighborhood beautiful.

The Public Works Department will arrange for repair or replacement of sidewalks on a cost sharing basis. The Village will pay 50% and the resident will pay 50%. Applications will be available May 1<sup>st</sup> at the Village Hall or call (708)841-2202 for one to be mailed to you.

To qualify this program a following condition must exist: sidewalks must be sunken or raised to a height difference of one inch or more between one section; broken or separated into three or more pieces; or 50% or more of the surface has deteriorated. Depending on the extent of the damage, a sidewalk will be either repaired or replaced. Applicants will be contacted by Public Works whether their sidewalk is eligible for the program or not. We will start with the worst and work our way down the list.

The Village will budget a specific dollar amount for this program and will put limits on how much we will be able to do. If you qualify and are scheduled for work, your payment will be due before the work is done. If you have any questions call (708)841-2202.

**Sincerely,  
Director of Public Works**
